

IN THE DRAWINGS:

In response to the attached Notice to File Corrected Application Papers, the attached replacement drawing(s) include changes to FIG. 1, with the removal of the previously illustrated wireless signal for receipt by antenna 100.

The Notice to File Corrected Application Papers indicates that "Data, a reference number, or part of the drawing is truncated or missing, or a lead line has no reference number. FIG(s) 1."

It is believed that the required correction may be the wireless signal previously illustrated directly above antenna 100 in FIG. 1. Thus, this illustrated wireless signal is no longer illustrated in the attached replacement sheet for FIG. 1.

Entry of this amendment to the Drawings of the present application is respectfully requested.

REMARKS

The foregoing amendment improves the form of FIG. 1, without changing or narrowing the substance presented in the originally filed FIG. 1. No new matter is being submitted.

The foregoing amendment was not earlier presented since the need for same was not noted until reviewing the Examiner's amendment set forth in the Notice to file corrected application papers, mailed March 26, 2013.

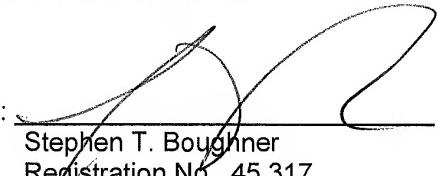

No new matter is presented and no new search is required. Accordingly, it is respectfully submitted that the amendments are properly presented herein under the provisions of 37 C.F.R. '1.312, and thus, should be entered and such action is therefore, earnestly solicited.

If any further fees are required in connection with the filing of this Amendment, please charge same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
